SHIELD Jacket & Trousers

Sometimes a coverall is not the answer. If for example your job involves being in an office part of the time and on site at others then a jacket and trousers offers protection and convenience. You can work at your desk in the trousers and slip the jacket on when a site visit is required. If you are driving a delivery vehicle on to site the same thing applies. In the cab you can wear the trousers but once you are out on site you can slip on the jacket and comply with any HSE standards the operating company is enforcing.

Available in all the fabrics and colours offered by Shield in their coverall range.

SPECIFICATION

Materials	Type
Fabric Options	<ul style="list-style-type: none"> ■ Tecasafe Plus 700 (238g/m2) ■ Aramid IIIA(150g/m2/180g/m2) ■ Poly-Cotton (65% Polyester/35% Cotton) ■ 100% Cotton (195g/m2) ■ Red, Blue, Navy Blue, Yellow, Grey, Orange
